

Shelley Wood Award Nominations 2016

Shelley Wood worked tirelessly on the Relay For Life Committee and the event, alongside her family, to bring hope, courage and inspiration to others affected by Cancer. Shelley despite her treatment and the Cancer effects on her health, continued to give back to others with a huge smile and a love for life. Shelley attended the Relay and read the OATH at the Opening Ceremony 2005. She passed away on 21 June 2005. Her memory lives on through the volunteer work of her family, Marion and Don Wood (parents) and Stuart Wood (brother) and the Sutherland Shire Relay For Life Shelley Wood Award.

The Award is given each year to a survivor, that also has experienced the effects of Cancer, yet against all odds, fights back and overcomes their life circumstances and looks beyond themselves to the welfare of others, to bring hope, courage and inspiration.

Invitations for nominations are requested each year at the Sutherland Shire Relay For Life and the Shelley Wood Award winner is announced at the Wrap Up Function and an Award is given.

Please nominate a survivor and write their story of their diagnosis, treatment and journey of living with Cancer.
